Getting Ready for Playtime & Family Fun at the Gathering Place

Front View

Back View

While “still” awaiting the issuing of our building permit, we wish to share the design of our accessible/inclusive Indoor Playground at the Gathering Place.

With so many choices/options of equipment for fun and exercise along with having to consider all the safety guidelines within the building, this certainly made for quite an adventure. We went to the drawing board many times, along with Mr. Tom Boren of Penchura, before the Board approved this design. We are just weeks away from placing the order, AND when both the permit is in hand and the weather is cooperative, the groundbreaking of The Gathering Place will get underway.

I hope you are as excited as we are to finally see the result of your many years of generous donations, grant monies and support through our fundraisers.
